AUTHORIZATION TO PREPARE COST ESTIMATE

I have requested and authorized AT&T to prepare a detailed cost estimate associated with modifying AT&T's existing Network facilities at my request, or on my behalf. I understand that should I decide not to proceed once those costs have been calculated and provided to me, I am responsible for all engineering costs associated with preparing the cost estimate.

Engineering costs for conducting a field survey and generating a cost estimate for a simple job will generally range from \$300 - \$700, large/complex projects will exceed that range. I understand I will be billed for the actual engineering time required to develop the cost estimate.

I also understand that if I proceed with the requested work, engineering charges are then included as part of the total project cost. If AT&T does not receive the signed authorization to prepare cost estimate by April 12, 2015 your request will be cancelled.

>>TYPICAL TURNAROUND FOR COMPLETION AFTER PAYMENT TIME IS 6 TO 8 WEEKS<<
