Motion by King/Ford to recommend Council approve the Contract for Wisconsin Hazardous Materials Response System Services between the State of Wisconsin Department of Military Affairs, Division of Emergency Management and the City of Chippewa Falls. **All present voting aye, motion carried.**

3. **Discuss possible amendment of Chippewa Falls Municipal Code Section 7.031 - Stop Signs. Possible recommendations to the Council.**

Street Superintendent, Rick Ruf, provided the City Clerk with a list of stop signs within the City that should be added to the ordinance governing stop signs. Questions arose regarding responsibility when the sign is at a connecting street with a state highway or county trunk highway. There was also questions about how the signs were installed without the ordinance being amended.

Motion by Ford/King to table this item until the next Committee #3 meeting. **All present voting aye, motion carried.**

4. **Discuss resident concerns regarding stray animals, vicious dogs, and any potential solutions for these issues. Possible recommendations to the Council.**

Chris and Joy Krogstad, 128 W. Birch Street, and Angela Gudmanson, 704 Oak Street, appeared to express their concerns with stray animals and aggressive dogs. The Committee looked at the existing ordinance and discussed possible changes. Attorney Ferg shared that the goal of the ordinance is to make it cost prohibitive for an individual to keep a dog that has been declared dangerous.

Chief Stelter shared statistics on recent responses to various animal issues. Following additional discussion, it was determined that the ordinance the City has in place is a good ordinance; however, it is a matter of improving enforcement.

It was suggested that the ordinance be refined to identify whose responsibility it is to follow-up on animals that have been deemed dangerous to ensure the requirements to keep the animal are being met. It was suggested that additional responsibility be put on the animal owner to prove they are in compliance.

Attorney Ferg will put together draft language for the Committee to review at a future meeting.

No action taken.

5. Adjournment

Motion by Ford/King to adjourn at 6:11 pm. **All present voting aye, motion carried.**

3.0 Statement of Work

- 3.1 **Services to be provided by Contractor:** During the term of this Agreement, the Contractor agrees to provide hazardous materials response system services to Level A releases through the use of designated Type I, Type II, and Type III Hazardous Materials Teams making up four (4) Taskforce areas throughout the State of Wisconsin as described in Exhibit C, attached hereto and incorporated by reference herein. This Agreement does not include response to Type IV incidents which are locally-defined and handled by the authority having jurisdiction.

Contractor's response activities under this Agreement shall be limited to emergency operations, reporting and documentation of activities arising from hazardous materials releases/incidents which threaten life, property and/or the environment. Contractor shall not provide under this Agreement any services with respect to the sampling, testing, analysis, treatment, removal, remediation, recovery, packaging, monitoring, transportation, movement of hazardous materials, cleanup, storage and disposal of hazardous materials except as these may be reasonably necessary and incidental to preventing a release or threat of release of a hazardous material or in stabilizing the emergency response incident, as determined by the Contractor.

Contractor shall establish safety perimeters at or near sites and vessels. Contractor shall not be required to locate underground utilities, insure appropriate traffic control services, conduct hydrological investigations and analysis, or provide testing, removal and disposal of underground storage tanks at or near the emergency response incident to which the Contractor is dispatched.

The Division and Contractor make no representations to third parties with regard to the ultimate outcome of the hazardous materials services to be provided, but Contractor shall respond to the best of its abilities, subject to the terms of this Agreement.

- 3.2 **Performance Conditions:** Contractor acknowledges that prior to undertaking any emergency response activity under this Agreement, Contractor shall receive written approval from the Division to proceed with response activities. A Contractor that has previously been providing services under a Regional hazardous Materials Contract with the Division is considered to have received written approval to proceed with response activities. Division approval shall be conditioned upon the Contractor demonstrating to the Division that its employees, equipment, and

vehicles meet or exceed applicable regulatory requirements.

- 3.3 **Personnel:** Contractor shall provide an adequate number of trained, medically monitored, competent, and supervised personnel as established by the Division and as is reasonably necessary to operate within the safety levels of the Wisconsin Hazardous Materials Response System. Contractor shall meet the standards under 29 CFR 1910.120 and/or 29 CFR 1910.134(f), NFPA 472 and 1582, IS 700, ICS 100, 200, 300 and 400, and Wisconsin Firefighter 1.
- 3.4 **Vehicles and Equipment:** Contractor shall limit its activities to that which can be safely accomplished within the technical limitations of the available vehicles and equipment. Contractor may use equipment and vehicles provided by the Division for Contractor's local use, however, Contractor agrees that in the event of multiple responses, said equipment which is already not committed to a prior response shall be used on a priority basis to respond to a hazardous materials release. Contractor shall provide the Division with a current listing of its equipment assets including the manufacturer, date of purchase, and calibration requirements.
- 3.5 **Vehicle and Equipment Use Limitations:** This Agreement in no way limits the Contractor from responding with Division-provided vehicles, equipment, and supplies under local authority, mutual-aid agreements, or other contracts under local authority.
- 3.6 **Response Procedures and Limitations:** Contractor recognizes that its obligations under this Agreement are paramount to the State of Wisconsin. Contractor agrees that if local fire response obligations in Contractor's own jurisdiction create limits or unavailable resources, Contractor will seek aid from local jurisdictions to assist in local fire response obligations in Contractor's own jurisdiction.
- Contractor's obligation to provide services hereunder shall arise, with respect to specific response actions, upon receipt of an emergency response request pursuant to mutually approved Standard Operating Guidelines provided in Subsection 3.8 herein. These guidelines will be maintained in a mutual aid support system that will be used to assess readiness.
- 3.7 **Right of Refusal:** If, on occasion, a response under this Agreement would temporarily place a verifiable undue burden on the Contractor because Contractor's resources are otherwise inadequate or unavailable and mutual aid is unavailable for a hazardous materials response within the State, then if notice has been provided to the Division, the Contractor may decline a request for hazardous material response system services.
- 3.8 **Standard Operating Guidelines:** Contractor and Division agree that hazardous materials response system operations will be conducted in accordance with

Wisconsin Hazardous Materials Response System Operations Plan, and "Call Out Procedure" that will be mutually approved by the parties to this Agreement.

- 3.9 **Mutual Aid Box Alarm System (MABAS):** Contractor is highly encouraged to participate in the MABAS-WI program. At a minimum and absent MABAS-WI participation, Contractor will be qualified and credentialed under all NIMS standards for hazardous materials.
- 3.10 **Standardized Equipment Reports:** In order to prepare, plan, and respond to the dangers of emergencies involving Level A releases, the Division shall require standardized equipment purchases and inventory for the Wisconsin Hazardous Materials Response System. Contractor shall provide the Division, on a quarterly basis, with a current listing of all hazardous materials equipment assets including but not limited to the manufacturer, date of purchase, and calibration requirements on an electronic spreadsheet developed by the Division. The Division will input Contractor's equipment inventory list including vendor information on the Division's secure E-Sponder® website located at <https://secure.wiesponder.com/>, or equivalent. The quarterly Standardized Equipment Reports shall be provided to the Division no later than thirty (30) days after the end of each quarter. Failure to submit timely Standardized Equipment Reports may result in the withholding of quarterly payments under this Agreement.
- 3.11 **Operating Expenditure Reports:** In order to prepare, plan, and respond to the dangers of emergencies involving Level A releases, the Division shall collect standardized operating expenditure information from Contractor including but not limited to wages and stipend costs. Contractor shall provide the Division, on a biannual basis, with a current listing of its hazardous materials team operating expenditures on an electronic spreadsheet developed by the Division. The Division will input Contractor's operating expenditures on the Division's secure E-Sponder® website located at <https://secure.wiesponder.com/>, or equivalent. The quarterly Operating Expenditure Reports shall be provided to the Division no later than thirty (30) days after the end of each reporting period. Failure to submit timely Operating Expenditure Reports may result in the withholding of quarterly payments under this Agreement.
- 3.12 **Hazardous Materials Assist and Response Quarterly Reports:** In order to prepare, plan, and respond to the dangers of emergencies involving Level A releases, the Division shall collect accurate, actual, and standardized hazardous materials assist and response data. Further, Contractor shall continue to provide the Division, on a quarterly basis, with a current listing of all hazardous materials assist and response data. The Division will input Contractor's assists and response data on the Division's secure E-Sponder® website located at <https://secure.wiesponder.com/>, or equivalent. The quarterly Hazardous Material Assist and Response Reports shall be provided to the Division no later than thirty (30) days after the end of each quarter. Failure to submit timely Hazardous

Material Assist and Response Reports may result in the withholding of quarterly payments under this Agreement.

- 3.13 Wisconsin Hazardous Material Response System Member Rosters:** Under Subsection 4.12 herein, members of the Wisconsin Hazardous Materials Response System are considered state employees for Worker's Compensation purposes. It is paramount that the Division has a current listing of all members in order to assure coverage. Contractor shall provide the Division, on a quarterly basis, with a current listing of its members on an electronic spreadsheet developed by the Division. Failure to submit timely Member Rosters may result in the withholding of quarterly payments under this Agreement.

4.0 Contractor Annual Allocation, Reimbursement, and Grants

There are two types of Contractor funding under this Agreement: (1) Annual Allocation based on the Type I, Type II or Type III Level A release capabilities provided by designated Contractor and (2) Team Response Costs. Each of these is discussed more fully below.

- 4.1 Annual Allocation and Quarterly Payments:** As provided under §323.70(2) of the Wisconsin Statutes, Contractor will be subsidized annually, commencing 7/1/2015 and for State Fiscal Years 2015/16 through 2016/17, under this Agreement for its approved Annual Allocation as described in "Exhibit B", attached hereto and incorporated by reference herein. The payments shall be made to Contractor on a quarterly basis. Funding amounts will be based by Type I, Type II, and Type III Hazardous Materials Team designation. The Annual Allocation is intended to covers costs for the proper number of trained personnel per shift depending on the type of response, a stipend per response system member as well as baseline, maintenance, and exit physicals for each response system member. Said Quarterly Annual Allocation payments to Contractor shall be made from the appropriation account under §20.465(3)(dd) of the Wisconsin Statutes.

- 4.2 Annual Allocation Expenditures:** It is the intent of the Division that funds allocated under Subsection 4.1 of this Agreement shall supplement existing, budgeted monies of the Contractor to provide the services specified herein and may not be used to replace, decrease or release for alternative purposes the existing, budgeted monies of or provided to the Contractor.

Further, the Division intends that funds allocated under Subsection 4.1 of this Agreement shall not be used by the local agency to supplement, offset, replace, decrease or release any budgetary obligations for other municipal departments not directly connected or attached to Contractor.

- 4.3 Team Response Costs and Reimbursement:** Pursuant to §323.70(3) of the Wisconsin Statutes, Contractor shall be reimbursed for reasonable and necessary

team response costs incurred in responding to a Level A release under this Agreement. Such team response costs may include, but are not limited to:

(1) Reimbursement for use of Vehicle(s) and Apparatus: Contractor shall be reimbursed for the approved use of its vehicles and equipment at FEMA-established rates.

(2) Personnel Expenses: Contractor's team response personnel expenses which are approved and authorized under this Agreement are reimbursable at the rates described as follows:

a) For full-time fire departments, at the actual cost of personnel expenses.

b) For part-time and volunteer fire departments or team personnel, at the average over-time hourly rates for the three geographically-nearest full-time fire departments.

Team response personnel expenses shall be billed to the nearest one-fourth (1/4) hour work period. Personnel expenses may reflect replacement personnel costs and indirect charges/costs for wage, fringe, death and duty disability retirement benefits.

(3) Emergency Expenses: Contractor's necessary and reasonable emergency expenses related to services rendered under this Agreement are reimbursable. All such expenses must be based on actual expenditures and fully documented by the Contractor. The Division reserves the right to deny any reimbursement of unjustifiable Contractor expenditures.

Pursuant to §323.70(3) Wis. Stats., Contractor shall be reimbursed by the Division for its necessary and reasonable emergency response costs and expenses related to services rendered under this Agreement.

Such reimbursable team response costs shall be limited to amounts collected by the Division pursuant to §323.70(4), Wis. Stats. and, under certain conditions, pursuant to the amounts appropriated under §20.465(3)(dr), Stats. Contractor shall be reimbursed by the Division in accordance with Subsections 4.5 and 4.6 herein.

4.4 **Training Costs:** In addition to the Annual Allocation, funding may be available to Contractor through the Division's training and equipment grants. Applications shall be made via "E-Grant" and will be available to Contractor based upon need. The Division makes no representations that funding will be available to all parties.

4.5 **Standard Equipment Purchases and Cache:** It is the intent of the Division to standardize equipment purchases for the Wisconsin Hazardous Materials

Response System. Contractor shall provide the Division with a current listing of its equipment assets including the manufacturer, date of purchase, and calibration requirements. The Division will develop a standardized equipment list including vendor information.

Contractor may make equipment purchase requests to the Division by submitting an "E-Grant" request with supporting documentation. The Division makes no representations that funding will be available to all parties.

It is the intent of the Division to develop and maintain an equipment cache. When developed, Contractor may borrow specific equipment from the equipment cache in the event of an equipment failure requiring repair of Contractor's equipment.

4.6 Direct Collection of Team Response Costs by Contractor: In addition to Division reimbursement addressed in Subsections 4.2 herein, Contractor may elect to collect team response costs directly from the Responsible Party(s) and/or seek reimbursement for local agency response pursuant to §323.71 of the Wisconsin Statutes.

4.7 Where No Responsible Party Can Be Identified or the Responsible Party is Unable to Pay Team Response Costs: As previously mentioned in Subsection 4.3 and upon the election of Contractor, the Division shall bill the party(s) responsible for causing the hazardous materials emergency for total emergency response costs. Where there is no identifiable Responsible Party, or if the Responsible Party is unable to pay, the Division agrees to reimburse Contractor's Team response costs from the emergency response supplement created under §20.465(3)(dr), Stats., only if the hazardous materials response team has made a good faith effort to identify the person responsible under §323.70(3), Stats., and that person cannot be identified, or, if that person is identified, the team has received reimbursement from that person to the extent that the person is financially able or has determined that the person does not have adequate money or other resources to reimburse the hazardous material response team. To seek Division reimbursement from the emergency response supplement created under §20.465(3)(dr), Stats., Contractor must comply with all Division-approved reimbursement procedures and/or duly enacted Administrative Rule(s) as well as the billing system requirements provided under Subsection 4.9 herein.

4.8 Minimum Contract Subsidy: This Agreement shall have a minimum contract Annual Allocation for State Fiscal Years 2015/16 through 2016/17 as described in "Exhibit B" to this Agreement. The Division certifies that sufficient funds are available and authorized within the Division's current appropriation or limitation. The minimum contract Annual Allocation does not, however, include Contractor's team response costs as specified in Subsection 4.3 of this Agreement.

No additional Contractor subsidy or reimbursement shall be paid or any additional

demands placed on Contractor under this Agreement unless otherwise specifically agreed to by the Division and the Contractor, and upon written amendment to this Agreement. The Division's reimbursement(s) shall be full payment for work performed or services rendered and for all labor, materials, supplies, equipment, and incidentals necessary to complete the work authorized under this Agreement. Acceptance of payment by the Contractor shall operate as a release of the Division of all claims by Contractor for reimbursement of team response costs except where partial payment has been made due to limitations of the Division funds under §323.70(3), the amounts appropriated under §20.465(3)(dr) and subject to further payment as set forth above.

- 4.9 **Billing System for Division Reimbursement of Team Response Costs:** Contractor will provide an estimate of team response costs to the Division within ten (10) working days of the response. If the Contractor seeks Division reimbursement under §323.70(3), or from the emergency response supplement created under §20.465(3)(dr), Wis. Stats., Contractor shall file a Notice of Intent with the Division for response costs within thirty (30) days of the response. The Division will not bill responsible parties or reimburse Contractor from the emergency response supplement created under §20.465(3)(dr), Stats., unless it receives an invoice from the Contractor. Contractor's claim for reimbursement shall contain such documentation as is necessary to support the Division's cost-recovery operations and financial audits. The Division agrees to bill responsible parties for team response costs and may bill for the total emergency response costs. Team response costs include such items as vehicle and equipment use, expendables and personnel costs. In addition, team administrative costs may be billed as part of the emergency costs.

The Division shall bill identified Responsible Party(s) within thirty (30) days of receipt of Contractor's invoice. Contractor's team response costs shall be collected by the Division from the Responsible Party(s) before payment is made to the Contractor. Thereafter, if the Division successfully recovers payment from the Responsible Party(s) it shall first be used to pay the Contractor's team response costs, if these have not been paid in their entirety, then applied to the Division's administrative costs. Any remaining funds will be used to pay emergency response costs as billed. Contractor agrees to cooperate with the Division as is reasonable and necessary in order to allow the Division to bill third parties and pursue cost recovery actions.

If a disputed billing is resolved in favor of the responsible party(s), then the Contractor shall not be required to reimburse the Division for payments previously made.

Where there is no identifiable Responsible Party, or if the Responsible party is unable to pay, the Division agrees to reimburse the Contractor's team response costs from the emergency response supplement created under §20.465(3)(dr),

Stats., within thirty (30) days of receipt of Contractor's invoice and complete documentation. Contractor's claim for reimbursement from the emergency response supplement created under §20.465(3)(dr), Stats., shall contain such documentation as is necessary to support the Contractor's good faith effort to identify the Responsible party or to collect response costs from a Responsible Party(s) that is unable to pay. Further, Contractor shall comply with all Division-approved reimbursement procedures and/or duly enacted Administrative Rule(s).

- 4.10 **Approval:** Contractor, when acting under this Agreement, may not respond without following the Division-approved "Call Out Procedure". Granting of response approval by the Division of Emergency Management's Duty Officer constitutes the Division's agreement to pay Contractor's team response costs under §323.70(3), Wis. Stats. Contractor agrees to make reasonable and good faith efforts to minimize Responsible Party and/or Division expenses.
- 4.11 **Retirement System Status and Tax Payments:** Contractor and its employees are not entitled under this Agreement to Division contribution for any Public Employees Retirement Withholding System benefit(s). Contractor shall be responsible for payment/withholding of any applicable federal, Social Security and State taxes.
- 4.12 **Worker's Compensation:** A member of the Wisconsin Hazardous Materials Response System who is acting under the scope of this Agreement is an employee of the State for purposes of Worker's Compensation under §323.70(5) of the Wisconsin Statutes.
- 4.13 **Payment of Contractor's Obligations:** Contractor agrees to make payment promptly, as just, due and payable to all persons furnishing services, equipment or supplies to Contractor. If Contractor fails, neglects or refuses to pay any such claims as they become due and for which the Division may be held liable, the proper officer(s) representing the Division, after ascertaining that the claims are just, due and payable, may, but shall not be required to, pay the claim and charge the amount of the payment against funds due Contractor under this Agreement. The payment of claims in this manner shall not relieve Contractor of any duty with respect to any unpaid claims.
- 4.14 **Dual Payment:** Contractor shall not be compensated for work performed under this Agreement by any state agency or person(s) responsible for causing a hazardous materials emergency except as approved and authorized under this Agreement.

5.0 Liability and Indemnity

- 5.1 **Scope:** During operations authorized by this Agreement, Contractor and members of the Wisconsin Hazardous Materials Response System shall be

agents of the State and protected and defended against tort liability under §323.41, Wis. Stats. For purposes of this section, operations means activities, including travel, directly related to a particular emergency response involving a hazardous material response/incident by a hazardous materials response system team. - (3) Any hazardous substance predictor or any person who provides the technology to enable hazardous substance predictions to be made is immune from civil liability for his or her good faith acts or omissions in making that prediction or providing that technology.

The good faith of any hazardous substance predictor or any person who provides the technology to make a prediction is presumed in any civil action. Any person who asserts that the acts or omissions under subdivision three (3) above were not

(2) PROCEDURE FOR DECLARING AN ANIMAL DANGEROUS.

- (a) Upon conducting an investigation the Enforcement Officer may issue an order declaring an animal to be a dangerous animal. Whenever an owner or caretaker wishes to contest an order, he or she shall, within seventy-two (72) hours after receipt of the order, deliver to the City Clerk a written objection to the order stating specific reasons for contesting the order. Upon receipt of the written objection, the matter shall be placed on the Agenda for a meeting of the Chippewa Falls Committee No. 3. The Chippewa Falls Committee No. 3 shall act as a quasi-judicial body allowing the animal's owner or caretaker an opportunity to present evidence as to why the animal should not be declared dangerous.
- (b) After the special meeting, the owner or caretaker shall be notified in writing of the Chippewa Falls Committee No. 3 determination. If the Committee No. 3 upholds the determination that the animal is dangerous, the owner or caretaker shall comply with the requirements of Sec. 3. If the owner or caretaker further contests the determination, he or she may, within five (5) days of receiving the Committee No. 3's decision, seek review of the decision by the City Council.
- (c) Upon an animal being declared dangerous, the owner or caretaker shall immediately comply with leashing, muzzling and confinement requirements of Sec. 3 with all other requirements in that Section being satisfied within thirty (30) days of the dangerous declaration or reaffirmation thereof, or within such time as established by the City Council upon review by the City Council.

(3) HARBORING DANGEROUS ANIMALS.

- (a) *Dangerous Animals Regulated.*

- (1) No person may harbor or keep a dangerous animal within the City unless all provisions of this section are complied with. Any animal that is determined to be a prohibited dangerous animal under this section shall not be kept or harbored in the City.
- (2) The issuance of a citation for a violation of this section need not be predicated on a prior determination that an animal is a dangerous animal.

(b) *Registration.* The owner of any animal declared dangerous, shall register it with the Enforcement Officer upon disposition, and annually thereafter on or before April 1 of each year, by providing a current color photograph of the animal and payment of a three-hundred seventy-five (\$375.00) registration fee.

(c) *Leash and Muzzle.*

- (1) No owner or caretaker, harboring or having the care of a dangerous animal may permit such an animal to go outside its dwelling, kennel or pen unless the animal is securely restrained with a leash no longer than four (4) feet in length.
- (2) No person may permit a dangerous animal to be kept on a chain, rope or other type of leash outside its dwelling, kennel or pen unless a person who is sixteen (16) years of age or older, competent to govern the animal and capable of physically controlling and restraining the animal, is in physical control of the leash.
- (3) A dangerous animal may be securely leashed or chained to an immovable object, with the owner or caretaker being in the physical presence of the animal at all times when it is so leashed or chained.
- (4) A dangerous animal outside of the animal's dwelling, kennel or pen shall be muzzled in a humane way by a muzzling device sufficient to prevent the animal from biting persons or other animals.

(d) *Confinement.*

- (1) Except when leashed and muzzled, all dangerous animals shall be securely confined indoors or in a securely enclosed and locked pen or kennel that is located on the premises of the owner or caretaker and constructed in a manner that does not allow the animal to exit the pen or kennel on its own volition.
- (2) When constructed in a yard, the pen or kennel shall, at minimum, be constructed to conform to the requirements of this paragraph. The pen or kennel shall be child-proof from the outside and animal-proof from the inside. A strong metal double fence with adequate space between fences at

least two (2) feet shall be provided so that a child cannot reach into the animal enclosure. The pen, kennel or structure shall have secure sides and a secure top attached to all sides. A structure used to confine a dangerous animal shall be locked with a key or combination lock when the animal is within the structure. The structure shall either have a secure bottom or floor attached to the sides of the pen or the sides of the pen shall be embedded in the ground no less than two (2) feet. All structures erected to house dangerous animals shall comply with all City zoning and building regulations. All structures shall be adequately lighted and ventilated and kept in a clean and sanitary condition.

- (3) No dangerous animal may be kept on a porch, patio or in any part of a house or structure on the premises of the owner or caretaker that would allow the animal to exit the building on its own volition. No dangerous animal may be kept in a house or structure when the windows are open or when screen windows or screen doors are the only obstacle preventing the animal from exiting the structure.
- (e) *Signs.* The owner or caretaker of a dangerous animal shall display, in prominent places on his or her premises near all entrances to the premises, signs in letters of not less than two (2) inches high warning that there is a dangerous animal on the property. A similar sign is required to be posted on the kennel or pen of the animal. In addition, the owner or caretaker shall conspicuously display a sign with a symbol warning children of the presence of a dangerous animal.
- (f) *Spay and Neuter Requirement.* Within thirty (30) days after an animal has been designated dangerous, the owner or caretaker of the animal shall provide written proof from a licensed veterinarian that the animal has been spayed or neutered.
- (g) *Liability Insurance.* The owner or caretaker of a dangerous animal shall present to the Enforcement Officer a certificate of insurance that the owner or caretaker has procured liability insurance in an amount not less than \$1,000,000.00 for any personal injuries inflicted by the dangerous animal. Whenever such policy is cancelled or not renewed, the insurer and animal's owner or caretaker shall notify the Enforcement Officer of such cancellation or non renewal in writing by certified mail.
- (h) *Waiver by Enforcement Officer.* Upon request, by the owner or caretaker, the Enforcement Officer may waive any requirement specified in subsections (a) through (g) that is deemed inappropriate for a particular animal.
- (i) *Notification.* The owner or caretaker shall notify the Enforcement Officer within eight (8) hours if a dangerous animal is at large, is unconfined, has attacked another animal or has attacked a human being or has died.
- (j) *Sale or Transfer of Possession.* No person may sell or transfer possession of a dangerous animal to another person without first notifying the person to whom the

dangerous animal is being sold or transferred of the fact that such animal is a dangerous animal and of any requirements imposed upon the selling or transferring by this ordinance. No person may sell or transfer possession of a dangerous animal to another person, agency, organization or the like without first notifying the Enforcement Officer in writing, at least three (3) days in advance of the sale or transfer of possession with the name, address and telephone number of the new owner of the dangerous animal. If the dangerous animal is sold or given away to a person residing outside the City, the owner or caretaker shall present evidence to the Enforcement Officer that he or she has notified the Police Department, or other law enforcement agency of the animal's new residence, including the name, address and telephone number of the new owner of the dangerous animal.

- (k) *Euthanasia*. If the owner or caretaker of an animal that has been designated a dangerous animal is unwilling or unable to comply with the regulations for keeping the animal in accordance with this section, he or she may have the animal humanely euthanized by an animal shelter, the humane society or a licensed veterinarian. The costs and fees of euthanizing the animal shall be borne by and be the responsibility of the owner or caretaker.
 - (l) *Notification to Landlord*. If the owner or caretaker has a landlord, then in such event, the owner or caretaker shall, within five (5) days, cause a letter to be sent to the landlord notifying the landlord that he or she is the owner or caretaker of a dangerous animal at the premises owned by the landlord and shall provide a copy of the letter and proof of mailing to the Enforcement Officer.
 - (m) *Waiver*. The Enforcement Officer may waive the provisions of subsections (b) to (g) for a law enforcement or military animal upon presentation by the animal's owner or handler of satisfactory arrangement for safe keeping of the animal.
- (4) CERTAIN ANIMALS NOT TO BE DECLARED DANGEROUS. Notwithstanding the definition of a dangerous animal above:
- (a) No animal may be declared dangerous if death, injury or damage is sustained by a person who, at the time such injury or damage was sustained, was committing a trespass on the land or criminal trespass on the dwelling upon premises occupied by the owner of the animal; was teasing, tormenting, abusing or assaulting the animal; or was committing or attempting to commit a crime or violating or attempting to violate an ordinance which protects persons or property.
 - (b) No animal may be declared dangerous if death, injury or damage was sustained by a domestic animal which, at the time such was sustained, was teasing, tormenting, abusing or assaulting the animal.
 - (c) No animal may be declared dangerous if the animal was protecting or defending a human being within the immediate vicinity of the animal from an unjustified attack or assault.

(d) No animal may be declared dangerous for acts committed by the animal while being utilized by a law enforcement agency for law enforcement purposes while under the control and direction of a law enforcement officer.

(5) PROHIBITED DANGEROUS ANIMALS.

(a) No person may bring into or keep in the City an animal that is a prohibited dangerous animal under this section.

(b) *Determination of a prohibited dangerous animal:*

- (1) The Enforcement Officer may determine an animal to be prohibited dangerous animal whenever the Enforcement Officer finds that an animal meets the definition of prohibited dangerous animal or is a dangerous animal in non-compliance with any of the provisions of Section 3.
- (2) Upon finding an animal meets the definition of a prohibited dangerous animal, the Enforcement Officer may issue an order declaring an animal to be a prohibited dangerous animal. Whenever an owner or caretaker wishes to contest an order, he or she shall, within seventy-two (72) hours after receipt of the order, deliver to the City Clerk a written objection to the order stating specific reasons for contesting the order. Upon receipt of the written objection, the matter shall be placed on the Agenda for the Chippewa Falls Committee No. 3 to be reviewed at a special meeting. The Chippewa Falls Committee No. 3 shall act as a quasi-judicial body allowing the animal's owner or caretaker an opportunity to present evidence as to why the animal should not be declared a prohibited dangerous animal.
- (3) Pending the outcome of the hearing, the animal may be confined, subject to Sec. 173.21, Wis. Stats., or held at a location outside the limits of the City.
- (4) After the hearing, the owner or caretaker shall be notified in writing of Chippewa Falls Committee No. 3's determination. If a determination is made that the animal is a prohibited dangerous animal, the owner or caretaker shall comply with subsection (a) within five (5) days after the date of determination. If the owner or caretaker further contests the determination, he or she may, within five (5) days of receiving Committee No. 3's decision, seek review of the decision by the City Council.

(6) PENALTY.

(a) Any person not complying with subsections (1) through (5), inclusive, set for above, shall be subject to a forfeiture of \$400.00 plus applicable court costs and fees.

- (b) Whenever the City commences and pursues an action for involuntary euthanization under the state statutes or any other authority the City Attorney shall seek and request all applicable statutory court costs, the costs and expenses of euthanization, and any extraordinary investigative expenses incurred during the pendency of the action if the owner or caretaker absconds with the animal or hinders or deters the location of the animal during the pendency of the action or during enforcement of any judgment.

(d) *Inspection.* All kennels are subject to inspection by the Animal Control Officer at reasonable hours upon request. All kennels must comply with all building and zoning codes.

(e) *Revocation.* The City Council may revoke any kennel permit for violation of this section after reasonable notice and opportunity to be heard is given to the permit holder.

- (b) No person as an owner or caretaker shall allow or permit any animal to defecate upon property not owned by him or her without the property owner's express, not implied, consent. No person as an owner or caretaker shall allow or permit any animal to defecate upon any public property, which shall include streets, sidewalks, boulevards, any City right-of-way areas, any City easement areas, park properties, or any City owned property, without immediately removing the feces and other excreta in a sanitary manner.

(26) **HOWLING.** No person shall own, keep, have in his possession or harbor any animal within the City which, by frequent or habitual howling, yelping or barking, causes a serious disturbance to persons or a neighborhood, provided this subsection shall not apply to licensed animal hospitals conducted for the treatment of small animals or to the premises used and occupied by the City for impounding animals.

(27) **INJURED ANIMALS.**

- (a) *Medical Attention.* No person who owns, harbors or keeps any animal shall fail to provide proper medical attention to such animal when such animal becomes injured. If the owner of such injured animal cannot be located, the City, or any animal control agency with whom the City has an agreement or contract, shall have the authority to acquire such animal for the purpose of providing medical treatment and the owner thereof shall be responsible for reimbursement of all costs associated therewith.
- (b) *Accidents.* The operator of any vehicle involved in an accident resulting in injury to or death of any domestic animal shall stop such vehicle at the scene of the accident, or as close thereto as possible, and, if possible, remove the animal to the side of the roadway and notify the City Police Department or the City's contracted animal control agency.

(28) **HORSES AND LARGE ANIMALS.** Privately owned horses and other large animals shall not be on City streets or sidewalks or in any City park unless the owner shall have first obtained a Street Use Permit under the provisions of §8.10(5) of the City Code. For the purposes of this subsection the provisions of §8.10(5) are made applicable to sidewalks and City parks. A Street Use Permit under this subsection is not necessary where a Street Use Permit has been granted to an organization or person for a parade and the horse or other large animal is a part of that parade.

(29) **RABID ANIMALS.**
